

## UN ACTION FOR COVID-19 RESPONSE FACTSHEET

16 JUNE 2020

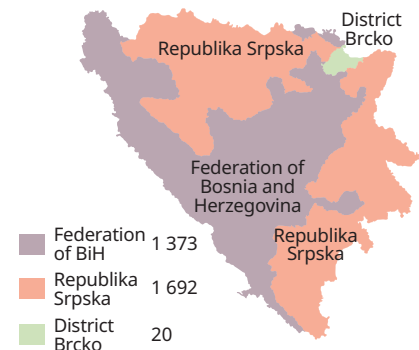

The Council of Ministers of BiH decision on State of Natural or Other Disaster (BiH's equivalent of „State of Emergency“) remains in place. At the entity levels, however, the previously declared State of Emergency in the RS was terminated on 20 May, and the State of Natural Disaster in FBiH was, likewise, lifted on 29 May. Both the RS and the Federation entities now allow movement of all population categories with a mandatory requirement that everyone wear face masks in enclosed spaces/areas. Curfews have been lifted across the entire territory of BiH. BiH citizens entering into the country no longer need to observe self-isolation, while foreign citizens entering the country on business need to show a letter of invitation from a legal body/institution which is engaging that person, as well as certificate reflecting a negative COVID-19 test result that is not older than 48 hours. Borders are open for citizens of Croatia, Montenegro and Serbia as of 1 June and air travel is allowed to resume. The repatriation of BiH citizens and foreign citizens in BiH is allowed with respect to the protocols currently in place. Following the rise in new cases, Tuzla, Sarajevo and Una-Sana Cantons were endorsed to declare the “State of Epidemics”. Reportedly, the FBiH Ministry of Health will initiate the same procedure for the entire Entity.

### Number of COVID-19 cases

### Number of reported COVID-19 cases by entities

**SOME \$ 27.9 M**  
Funds specifically allocated and funds re-programmed for the COVID-19 response

**SOME \$ 9.5 M**
